

EXTENDABLE MAGNETIC INSPECTION TOOL & FLASHLIGHT

A Handy Item for Anyone's Toolbox!

#36194

Not your ordinary flashlight! This unique, lightweight, multi-function tool will quickly become your go-to gadget. The flashlight extends from 6" to 21", allowing you to get into those hard-to-reach areas. Coupled with the 360° rotating inspection mirror, this nifty light allows you to illuminate down, around, and underneath to see what you've lost or dropped. Then, simply use the magnetic head on either end of this tool to retrieve the items you can't reach with your hands.

FEATURES:

- **Flashlight:** The easy on/off button activates three powerful LEDs to brighten up any workspace.
- **Magnetic Head:** Allows you to pick up small objects with ease.
- **Extendable Neck:** Extends from 6" to 21".
- **Flexibility:** Bendable neck gets you into hard-to-reach places.
- **Aluminum Body:** The durable anodized aluminum body ensures this tool will last for years.
