

CAULK TUBE CAPS

Clever,
Multi-Purpose
Item!

#36589

Container of 35 Caps

A great solution to capping containers of caulk! No more rusty nails or screws stuck in your tubes. And they're so easy to use! These caps simply roll on and off. They can cover a variety of other liquids or chemicals, as well as sharp items that could scratch furniture or injure people. There's no limit to what these caps can do!
