

RAPID-FIX DUAL ADHESIVE SYSTEM

#79714

Rapid-Fix Adhesive bonds rubber, glass, copper, aluminum, steel and most plastics. Combine with **Rapid-Fix Welding Powder** to repair holes, cracks, and gaps, producing strong weld seams to support the repair, just like solder or welded joints!

- *Rapid-Fix combines an instant adhesive with a welding powder, and together they can repair practically anything.*
- *Can be used in a wide range of applications. Bonds almost any material to itself or to other materials.*
- *Bonds instantly to most materials & surface, forming a high-strength bond in seconds.*
- *Instant Adhesive will not dry out in container.*
- *Rapid-Fix adhesive dries clear. Repairs can be drilled, sanded or painted instantly.*
